4	Ziegler Cooper Architects	\$3,888,225
5	Perkins+Will	\$3,440,700

**ABOUT THE CHARTS:**

The Top Design Firms rankings aims to identify the architecture and engineering firms that are most active in the state. We send our online surveys to companies that participated previously, members of industry associations, and contacts gathered from other resources. Respondents are required to certify that the data they submitted is accurate. Here, we highlight the companies that are handling the most work in different specialties and project types.
